**Quick Tips**

Breeze will print the first page all supported file types within the selected directory. Print PDF, TIF, JPG, etc. in one step.

The information printed onto the Slip Sheet is

File Name: The name of the file being printed  
 Pages: The number of pages within each file

Printing Slip Sheets is optional  
 Required settings before [GO] button is available:

- (1) Select the Directory you wish to print
- (2) Select Printer
- (3) Select either "Print All Documents " or "Print Document Range"
